

Greenie LED bulb MR16

Greenie LED bulb MR16 is used as a replacement for MR16 halogen light sources – it has the same dimensions and the same thread, but it consumes much less energy. It is available as a 230V and 12V variant. High light efficiency is achieved with relatively low energy consumption. In addition, the Greenie LED bulbs MR16 generate a lot less heat than halogen light sources. They are mainly used in ceiling lighting, although this is obviously not their only application.

Technical data

	Item code	Colortemperature [K]	Power [W]	Equivalent	Luminosity [lm]	Light efficiency [lm/W]	Number of LEDs	Dimensions [mm]	Weight
LED bulb MR16.3W.3W. Spotlights	KMS03NW	4000-4500	3	40	310	103	60	Ø50x57	60g
Spotlights 5W LED bulb MR16 WW	KMPS05WW	2800-3200	5	60	350	70	9	Ø50x57	45g
Spotlights 5W LED bulb MR16 NW	KMPS05NW	4000-4500			400	80
