

## Greenie LED Plafond – Solid Series

Greenie LED SOLID Plafonds are surface-mounted round or square light sources, which owes its name to a very robust design created with attention to details. The housing is made of metal and therefore it is resistant to external factors. Solid plafonds contain Epistar 2835SMD diodes.

### Parameter

**TECHNICAL DATA:**

**Housing material :** metal

**Housing color :** white

**OPTICAL DATA:**

**Covering :** matte

## Technical data

	Item code	Colortemperature [K]	Power [W]	Equivalent	Luminosity [lm]	Light efficiency [lm/W]	Number of LEDs	Dimens [mm]
